Stellar Phoenix iPod Recovery

Version 2.0

Installation Guide

Overview

Stellar Phoenix iPod Recovery software recovers deleted, lost or damaged data from an iPod. This software can recover data from iPod Classic. In addition, iPod is also used as a storage device therefore; this software can recover almost all data from an iPod.

iPod Recovery software scans an iPod for data and displays all data, categorized according to file formats. For example, all files with extension .mp3 media files will be displayed under mp3 folder.

You can save the scan information file resulted after scanning process of an iPod to your computer. You can also create image file of an iPod by using iPod Recovery software. You can recover data from image file of an iPod at any time.

Key Features:

- Recovers data from iPod Classic
- Deleted and lost data recovery
- Save scan information of a process and use the same scan information later to recover data
- Create image of an iPod
- Advanced recovery that recovers almost all data from iPod

Stellar Phoenix iPod Recovery

Getting Started

iPod Recovery software provides you quick, advanced and deleted data recovery features. You will need to attach your iPod to start recovering your iPod's data. The user interface of iPod recovery software is easy to use and anyone can use it without any technical knowledge. You can start recovering your iPod's data after installing the iPod Recovery software.

 - **Generate a Ticket:** Sends request to Stellar support
 - **About Stellar Phoenix iPod Recovery:** Shows general information of the software

Stellar Phoenix iPod Recovery

Using the Software

Stellar Phoenix iPod Recovery software's main user interface provides different options for performing recovery of an iPod. Its interface is easy to use and every recovery process is a simple step-by-step procedure. You can perform quick recovery, advance recovery and deleted file recovery.

You can stop a scanning process and save scan information of the stopped process. You can create image file of an iPod and recover data from that image later without using the iPod.

You will need to attach your iPod to perform any of the recovery process. However, if image file is created of an iPod then the iPod is not required to recover data.
